

/home/m800/EDA_FASE
_2_FINAL/STRUCT.h

```
graph TD; A["/home/m800/EDA_FASE_2_FINAL/STRUCT.h"] --> B["stdio.h"]; A --> C["string.h"]; A --> D["malloc.h"]; A --> E["stdlib.h"]; A --> F["stdbool.h"];
```

The diagram illustrates a header file, `STRUCT.h`, located at `/home/m800/EDA_FASE_2_FINAL/`. This header file includes five standard C library headers: `stdio.h`, `string.h`, `malloc.h`, `stdlib.h`, and `stdbool.h`. The relationships are shown as blue arrows pointing from the top header box to each of the bottom header boxes.

stdio.h

string.h

malloc.h
